CONTENTS

	Foreword by David Omotoso Stovall	xi
	Introduction: The URM Student Experience in STEM	1
1	Will White Supremacy End America's STEM Supremacy? The Costs of Excluding People of Color from STEM Education • This Problem Is Greater and Graver Than Skin Deep • Scientists Agree That More Diversity Is Needed • URM Intellectual STEM Thought: They've Been There All Along • A Note on Research Methodologies	19
2	The Plight of the Underrepresented in STEM Higher Education and the Workforce Spotlight on Engineering: Just How Underrepresented Are URMs? • Major Barriers to the Broad Participation of URM Students in STEM • The Burdens of Tokenism, Color Blindness, and Resilience • The Interplay of Color Blindness, Resilience, and Structural and Institutional Racism • The Financial Fallout from Structural Racism • Eugenics: The Pseudoscience That Refuses to Die • Looking Toward HBCUs for Guidance in Reversing Structural Racism in STEM • Faculty Overwhelmed by Service Work, Voluntary and Imposed	33
3	The Stress of Success for the Underrepresented and Minoritized in STEM How Stereotyping Works • The Power of Stereotypes: Whatever Doesn't Kill You Gives You Unhealthy Coping Mechanisms • Managing Stereotypes • Building Strong STEM Identities: Two Case Studies	53
4	Why Justice-Oriented STEM Is the Key to Getting and Keeping Students of Color in STEM and—Oh Yeah, Saving Our Planet Too! The Equity Ethic as a Motivator for Marginalized Students • Roots of the Equity Ethic: A Common History of Suffering •	75

	Solutions • Family, Fictive Kinship, and Community • Discomfort with Supporting US Economic Domination • Testing the Strength of Motivation • How to Attract and Retain Underrepresented People in STEM Fields	
5	Evaluating Efforts to Broaden STEM Participation Effective Educational Approaches for Underrepresented Students in STEM • Programs That Work for STEM Students of Color • Guiding Principles of URM Student Programs • Why Is Mentoring Important? • A Caution about Mentoring Programming • Mentoring for the Underrepresented and Minoritized • Clearing the Pathway to Diversified STEM Excellence	95
6	Next Steps for STEM Leadership: Practical Suggestions for Structural Change The Power of the University • Conclusion	115
	Afterword: Who Am I to Be Writing a Book Like This?	137
